

EQUIPMENT & SERVICES

Comprehensive Safety Relief & Isolation Valve Services

Protect Your Investments. Ensure Safety.

Repairs, Upgrades & Testing

Proconex offers a full portfolio of services delivered by a skilled team of over 45 field technicians and application engineers. At our 45,000 sf warehouse and two valve repair centers, we provide both field and shop services—coordinated through a single point of contact.

Field & Shop Services

- ◆ Safety Valve Testing & VR Certified Repair
- ◆ Isolation Valve Automation
- ◆ Isolation Valve Upgrades & Modifications
- ◆ Valve & Regulator Installation, Start-Up & Commissioning
- ◆ Valve Diagnostics
- ◆ Preventative Maintenance & Service Agreements
- ◆ Turnkey Outage Planning & Management
- ◆ Spare Asset Management

Proconex can help you achieve a healthier bottom line regardless of where you are in your plant's lifecycle—design, implementation, optimization, or maintenance.
